HW: Similar to 4-month overview, prepare an excel file with details of everything we did for each subject in Fall trimester (Aug-Dec)
eg: Telugu AP class textbook, Gautama Buddha story

Future plan: We learnt lot of theory in the Fall trimester. We will do practical work in Spring (Jan-May).

Summer: We can try to get real world experiences, internships (to get job experience), spend time in a farm, attend arts camp at Canajoharie etc.

Spring: → Telugu, English poetry / songs
→ Maths, programming — lined exercises (as a program) on $+$, $-$, $*$, $/$, fractions etc.
→ Science — scientific method, read/write scientific articles, experiments — drones, brain data analysis etc. in python

→ Social : Maps, Life skills, Sahajayoga presentation

→ Music : More singing practice

→ Technology : Presentations, dangers of technology, video editing/movie making
