# To Shri Mataji Nirmala Devi

There's a motherly energy hidden inside you.

She has known you all your life.

With <sup>ఓర్పు, సహనము, calmness</sup> **patience**, she stops  
at each chakra to give them energy.

Her name is Mother Kundalini.

She lives in the triangular bone  
at the <sup>bottom</sup> **base** of the **spine**. <sup>వీచినముక</sup>

She follows the inner path  
and ends up flying above your head,  
like a white <sup>వసురం</sup> **dove**.

Below her lies Ganesha,  
the elephant-headed boy.  
He is placed below her  
to support her. He is  
the guardian who  
protects us from danger,  
and is our greatest friend  
on our journey.

With him begins the path  
of **emotions**.

He takes care of our  
purity and innocence  
and gives us **wisdom**.

వేవేకము, తేలేవే, the ability to tell  
right and wrong

In our heart, with the love  
for our parents and  
friends, lies the eternal  
spirit, sleeping.

The Kundalini awakens  
the spirit and takes  
it with her.

In the past there was  
a king, who was a perfect  
son, brother and husband.  
He had the confidence  
and bravery of a lion.

All these qualities are also  
in us, at our service.

If we speak gently,  
our voices will be like  
the sweet melody  
of the flute. We will create  
friendship all around us.  
How good it is to have  
friends and to know how  
to play well.  
When we watch a game,  
we see the players'  
mistakes, even if they are  
very good. We all make  
mistakes. So, don't feel  
guilty. Be as active as the  
player and as smart  
as the viewer.

Between the donkey<sup>(left side)</sup>  
and the ox<sup>(right side)</sup> is the baby  
Jesus. The Kundalini will  
follow neither  
the donkey nor the ox  
because it is the child  
Jesus who will open  
the door for her,  
allowing us to pass  
through the door.  
Forgiveness will free  
our head from bad  
thoughts. We can again  
feel joy and lightness.

At the top of the head lives  
a beautiful flower  
with a thousand petals.  
They come  
in all colours.  
There, in silence,  
we feel our inner peace.

And union (connection) with GOD!!

**Then, like a dove, the Kundalini opens  
its wings and a rain of freshness,  
with drops full of love, falls upon us.**

**We feel soft and fresh  
vibrations that  
can be shared with  
everyone because  
everyone is part  
of the great human family.**
