Foreword

English is widely used International Language. It is regarded as the second language to be taught in our schools. In order to acquire sound command knowledge of this language, all the linguistic skills should be mastered with proper attention, enthusiasm and continuous practice. ‘Practice makes things perfect.’ The Government has taken up curricular reforms with a view to strengthening the learning skills of children. Meticulous steps have been taken in designing Workbooks to reinforce what the children learnt from the textbook.

Worksheets incorporated in this Workbook are learner-centered, created with the intention of developing independent learning abilities in the children. There is an explicit unit - wise link between the textbook and the Workbook. This Workbook also provides an opportunity to the teacher to easily handle the learners of multi grade classes. Resource management could be sufficiently and efficiently done in the Multi Grade and Multi Level classrooms. All the worksheets promote imaginative and critical thinking abilities among the children and reinforce the learning objectives. Holistically this Workbook aims to strengthen the ability of the learners to use the language.

We are grateful to our Honourable Chief Minister Sri Y.S Jagan Mohan Reddy for being our source of inspiration to carry out this extensive reform in the education department. We extend our heartfelt gratitude to Dr. Audimulapu Suresh, Honourable Minister of Education for striving towards qualitative education. Our special thanks to Sri Budithi Rajsekhar, IAS, Principal Secretary, School Education, Sri. Vadrevu Chinaveerabhadrudu, IAS, Commissioner, School Education, Ms. Vetriselvi. K, IAS, Special Officer for their constant motivation and guidance.

We convey our thanks to the expert team. We also thank our Workbook writers, editors and layout designers for their contribution in the development of this Workbook. We invite constructive feedback from the teachers and parents for further refinement of the Workbook.

Dear Teachers!

- This Workbook has been specially designed for the students of class 1.
- Role of the teacher is expected to be that of a facilitator, working to help students in learning the English language.
- Activities are aimed at acquiring the basic language skills and academic standards. This is to help learners learn the language by providing ample practice.
- Every worksheet is connected to every component of the lesson in such a way that the learners make use of their knowledge that they learnt in the textbook to do the tasks in the workbook.
- The activities given in the Workbook are suggestive. They may be modified as per the needs of the learners.
- This Workbook is helpful for Multi-Grade teaching. It is a powerful tool to counter the time management problems of a Multi-Grade teacher.
- It is expected that the conversation will take place in English especially while conducting the activities given in the Workbook. However, mother tongue may be used wherever necessary.
- It is helpful for the teacher to identify the areas where the learners need additional support and thus you can work for remedial coaching. It is mandatory to check the worksheet activities and do the signature.
- After evaluating each worksheet, tick the smiley to encourage the students.
- The objective of this Workbook is to make the students to work individually.
- Worksheets can be helpful for the students for self-learning and it is a great tool for you to assess the students for Formative Assessment in CCE.
- Assessments have been given at the end of every unit to assess the progress made by the students.

Happy teaching!

Dear Parents!

- The activities of the worksheet will be answered in the classroom by the students. Encourage your children to do the activities at home whenever necessary.
