→ HW: Practice AI linux exercises (set 1) again!
Write/copy your answers to a word document (in Windows)

HW: Do the same for the new AI exercise set 2

HW: For set 3 (advanced commands), you may look at the AI solutions if you like and try to solve/run!
(Check your solutions step by step! What is your input? Where is it coming from? What is your output! Where is it going to?)

→ Agentic AI - Google Gemini Antigravity

→ tried to create reading companion text for 'Chandama' telugu story books.

→ HW: Check if '1948-2' book's first two stories have enough meanings in the companion text.
